## BALLOT PROPOSITIONS

proposition	VOTE	subject	in a nutshell
<a href="#">128</a>	NO	initiatives	Gives the Legislature unchecked power to change or supersede citizen initiatives by a simple majority vote and is a direct attack on the voter protection act.
<a href="#">129</a>	NO	initiatives	Limits initiatives to a single subject/title which would make it harder for citizens to enact laws through ballot measures. This would also make initiative efforts more expensive.
<a href="#">130</a>	NO	property tax	Allows the AZ legislature to allow certain property tax exemptions. It makes veteran disability tax exemption commensurate with level of disability. This is not a 'clean' bill since it creates an open door for other property tax carve outs that will hurt local government budgets (i.e., proposal 310)
<a href="#">131</a>	NO	government	Creates another state office, Lieutenant Governor, who will run on joint ticket with Governor & will change the order of succession in AZ. This would allow a Governor to leave office early and protect a seat for the incumbent party.
<a href="#">132</a>	NO	initiatives	Requires a supermajority of 60% to pass a citizen led funding initiative (i.e., school funding) which would make it nearly impossible to pass one.
<a href="#">209</a>	YES	Predatory Debt Collection Protection Act	Shields assets and belongings from medical creditors by protecting up to \$5,000 held in a bank account, \$15,000 in household goods, and vehicles worth up to \$15,000 (or up to \$25,000 for drivers) and adjusts amounts for inflation. It also lowers the cap on medical interest to 3% from 10%.
<a href="#">211</a>	YES	Voters' Right to Know Act	Requires any group spending over \$50,000 on statewide elections or \$25,000 on local elections to disclose the source of all contributions over \$5,000. AZ's answer to Citizens United.
<a href="#">308</a>	YES	tuition	Allows in state tuition for postsecondary education for non-citizen residents, Dreamers, who currently pay 150% the cost of in-state tuition. The applicant is required to have graduated from an AZ high school and lived in AZ for at least two years. Passed with bipartisan support.
<a href="#">309</a>	NO	voting	Requires date of birth and voter identification number for mail in ballots which will impose unnecessary burdens and add confusion to the process. There is no single data base that contains all the possible identification numbers. Any error could invalidate a ballot.
<a href="#">310</a>	YES	fire districts	Creates a .01% sales tax for twenty years to fund fire districts (support emergency services, personnel, and facilities throughout Arizona). Fire districts serve unincorporated areas and only receive property tax funds which were decimated when the corporate tax was lowered. Passed with bipartisan support.
