

The political process does not end on Election Day. Young people need to stay involved in the process by continuing to pay attention to the conversation and holding their leaders accountable for the decisions they make.

## *County Chair to Provide Election Recap*

Dr. Jo Holt's career in scientific research brought her to Tucson, via Texas A&M University (bachelor's degree in Chemistry in 1975) and Colorado State University (PhD in biochemistry in 1982). She spent about a decade conducting research in molecular biophysics at the UofA (1983-1992). Campaigning in LD11 convinced her that the Democratic Party needs to grow from the bottom up, through grassroots activity. To this end, she will present a recap of the recent election and outline where we go from here. Says Dr. Holt "Democrats have to work together in order to turn Arizona blue, and I want to do everything I can to make that happen. Soon."

## *Ralph's Remarks*

Congratulations to Tom O'Halleran, Dustin Williams, Scott Baker and Sharon Bronson among the Democrats who won their elections. Congratulations to every candidate who ran to do what's right but came up short! I want to thank everyone who worked so very hard in this election. The commitment and dedication of those who gave generously of their time, energy, ideas, encouragement and money can not be overstated. The Atchue for Senate campaign team became a formidable force fighting for causes dear to the children and working families of Arizona. While we did not meet our ultimate goal, we carried our message with integrity and should be proud of our efforts - we left no stones unturned! I hope we all take time now for well deserved rest. We need to recharge our batteries. But, let's not take too long to do this. All of us who care about Arizona's future can not stay on the sidelines. I'm looking forward to being very active in LD11 and working with everyone in DOV and the other Democratic Clubs to continue our important work. Again, thanks for all your support and help! I'll see you soon!

## *Corin's Comments*

I am honored and grateful for your contributions and hard work in Legislative District 11 toward a more tolerant and innovative Arizona. This was not the outcome that we hoped for but we covered the spread and closed the gap. This is an achievement that we accomplished together and can be proud of. The election may be over, but the campaign never is. Please continue to spread the message of kindness, acceptance, and fairness as proud Arizonans.

## *Brian's Blurp*

Thank you to everyone who worked hard, contributed and made all the campaigns successful, even if we didn't win them all. As we look to the future, it is imperative that we not dwell on what was or fear what might be. Regardless the result of the election, the fight for what we believe never ends. It is time to pick ourselves up, dust ourselves off and move forward. We cannot change the past, but we can begin now to mold the future. If you were active in this election cycle, you must continue. If you were not, you must begin. The road we must travel will be difficult, but we remain stronger together.

A special thank you to Mike, Brian, Nick, Marty, Max, Patricia, Dave and everyone else who made the Oro Valley office such a successful operation!
